Somany Ceramics Limited wins this year's award for their development of Somany Veil Craft Shield Floor Tiles. Veil Craft shield tiles are high abrasion resistant floor tiles developed under the leadership of Mr. Shreekant Somany. The concept behind Veil Craft was to make a tile that remains physically and visually unchanged, even after years of foot traffic. Somany Ceramics realised this by developing a glaze that is coated on the tile above its print, which after firing, significantly improves its abrasion resistance, making them several times superior to the highest industry standard. Congratulation to **Shreekant Somany and Somany Ceramics Limited**.
