C O L L E C T I O N

Some things in life are so potent in their appeal that they make you reimagine the way you look at even some of the most mundane things. So much so that words elude you, if you were to describe them. The Styler Grande Series and the Verve Series under RAK Styler Grande Collection are testimony to these feelings. The sheer spunk in design. The intensity in patterns. The vivacity of colours. The majesty in their size. You'll run out of reasons to admire this collection, so full of life. And just when you thought you've admired their sparkle enough, you'll be chuffed to discover just how long-lasting they are. Reason being the fact that they are vitrified. These grand and glamorous vitrified wall tile concepts lend unbridled opulence and luxury to any interior setting; transforming it from mundane to magical.
